

Valerie Brinson

Val has lived in Bromham since 2025 and is proud to call the village home. Originally from Hartlepool, she relocated to Bedfordshire in 1995 as part of a career move. Over the years, she has built strong connections within the local community and developed a deep appreciation for village life and the surrounding countryside.

Professionally, Val works as a Customer Support Manager for the UK and Nordic regions. The position provides opportunities to travel throughout the UK and the Nordic countries, allowing her to experience different cultures, meet a wide range of people, and gain valuable perspectives through her work.

Outside of her professional life, Val enjoys travelling, visiting the theatre, socialising with friends and family and trying to stay active!

Keen to give something back to the community that has welcomed her, Val joined the Parish Council to play an active role in supporting Bromham and helping to preserve the character and beauty of the village. She is passionate about contributing to local initiatives, representing the interests of residents, and ensuring that Bromham continues to be a thriving and enjoyable place to live for current and future generations.
